

SOUTH CAMPUS SENTINAL

SEPTEMBER 2021

PRINCIPAL'S NOTE

I can hardly believe we have already been back for five weeks! Our students have done so much already. We started with a full two weeks of Social Emotional Learning (SEL) using our new framework Leader-in-Me.

Using The 7 Habits of Highly Effective People, this framework supports students in their daily interactions. As a campus, we will focus on one habit per month. Not to ignore the others but to cement them all. This month's focus is Habit #1 - Be Proactive (You're in Charge). Feel free to join us at home with having discussions with your student around this topic and giving them kudos when you notice them being proactive at home. Be on the lookout for helpful video's and links.
